

Climate: Change the Conversation

A Community Discussion about Issues Affecting Us Today

Thursday, January 22, 2015

5:30pm-7:30pm

St. Petersburg Main Library

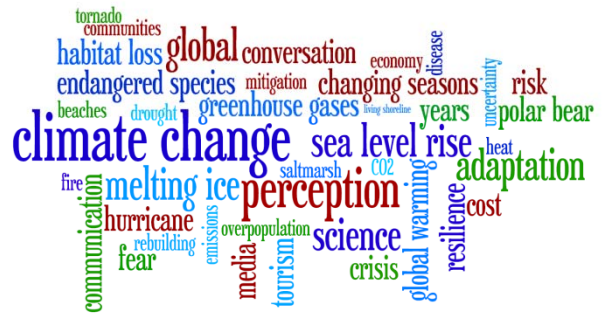

3745 9th Ave. N

St. Petersburg, FL 33713

Register online at

<https://climatechangeconversation.eventbrite.com>

Climate change buzzwords are common in our daily lives, but do we really understand what they mean or how they will impact our lifestyles? While the science can be overwhelming, it doesn't take a degree in climatology to have an opinion about something that will affect each of us.

We want to hear from you! Join UF/IFAS Extension Pinellas County and USF Department of Anthropology at the Main Library in St. Petersburg for a community conversation about climate change.

Your input will help us understand how we can better communicate with you about climate change. Light refreshments will be provided. Each participant will receive a FREE insulated shopping bag with educational information.
